Around the Creek

Message from the SCRS Board Chair

By Pam Garbin

Thank you to EVERYONE who came out for our FAMILY TUBE PARK and DINNER EVENT. It was an afternoon of some fantastic tubing and weather, we could not of asked for a better day to go along with the great food and a great chance to catch up with neighbors and meet new ones! Thanks again to Vista Ridge and Bertinis Catering, the food and hospitality was amazing as usual!

Please note there will be NO HUB PROGRAM at VISTA RIDGE April 9th BUT I will have a program during SPRING BREAK in case you need to get the little ones out of the house.

As we look ahead this upcoming month, Family Movie Night is a FRIDAY this month, please join us for Frozen and pizza on us. It is always nice to have a night out with no cooking or clean up. EVERYONE is welcome.

Our first scrapbook and cardmaking ALL DAY CROP is this month, a great way to get some of those projects started or just some quiet time to organize your photos and maybe start a online photobook.

Some important dates to mark on your calendar.

We will be having another ALL DAY Yoga workshop on May 3rd, space is limited so please sign up as soon as possible.

We will also be hosting a SPRING Ladies Night and Home Based Business Open house on May 9th.

Watch for registration for SPRING Soccer and T-ball, we will have our own teams out at the Sapræe Creek field so you might not want to sign them up in town.

Spring Community Cleanup and Big Bin Event & BBQ will be Saturday May 31st.

Community Garage Sale June 7th.

Vista Ridge and our Community Ice Rink will be closing for the ski and snowboard season April 6th (Slush Cup) and look for the opening of the Adventure Park this upcoming summer.

Thanks for making Sapræe Creek a fantastic place to live, hope to see you at some of the events in the upcoming months.

REGIONAL MUNICIPALITY
OF WOOD BUFFALO

Councillor's Corner – April 2014 by Al Vinni

Feels good to be emerging from my hibernation to update you on a number of Ward 3 issues.

First, I would like to report to you concerning the Sapræ Creek road reconstruction project that was authorized in the RMWB's budget a couple of months ago. Road reconstruction will begin this year and plans are being made to complete all work by the end of next season, so with any luck we will have the roads done twenty months from now. Even better news is that the plan for the repairs will see roads such as Weiss, Community and Freestone completed first, leaving Spruce Valley Drive until the end.

These changes in the approach to the stages of the project and the timelines was in direct response to the messages that RMWB administration heard from you over the past 6-8 months. It is always encouraging for me when a local government listens to citizens and plans a project to coincide with the needs and desires of the community for which the project is being done. So we can look forward to seeing reconstruction begin this summer, and even if Spruce

Valley does not get done in the next two seasons, we will have it as a paved road waiting as the final piece of road reconstruction. A good plan. I am very anxious to see what our neighbourhood will look like with proper paved roads.

Down on Draper Road, work will continue on that major road building project that will give relief from noisy and heavy traffic to people living in the Waterways community; not to mention a safer city access for the residents of Draper Road. As you all have seen, I am sure, the first phase from Mills Ave. over that cute little bridge to the southeast of Waterways is pretty much ready to go and should open earlier in the summer season, or as we call it, construction season.

Still no final decision has been made on how and where that road will ascend the riverbank and get up into Saline Creek Plateau, but a way will have to be found. I talked last fall to some of you down in Draper about the possibilities for this road, and would appreciate others dropping me a line with any input that would be helpful in determining where to locate the extension of Saline Creek Drive. As I said above, people are listening and do want to get these projects right.

Another big Ward 3 issue was addressed last night by Council in our latest bi-monthly public meeting. That issue was Urban Service Area ("USA") expansion into the Urban Development Sub-Region ("UDSR"). It gets a bit complicated because of the terminology, (what is a UDSR anyway?), but in a nutshell, the 'City of Fort McMurray', which is actually the USA, is going to be expanded over time to fill up some or all of the land in the UDSR. That UDSR land has been set aside for all time to be urban land, and all the oil leases under those lands have been cancelled and the leaseholders have or will be compensated by the Provincial government for the lease cancellation.

The current problem is that pressure to bring more commercial/industrial land on stream in this region meant that our administration was proposing that we ask the Province to immediately move all privately held land in the UDSR that has a commercial/industrial zoning into the USA. The results of actually doing that would have been many and varied. It would have created a bigger USA, but not one where the land was contiguous, but rather a hodgepodge of disconnected plots of land in seven areas around the existing city. Some of these pieces of land are in the Draper Road area, and the USA designation would have meant that some of Draper Road was in the city, some not, some in Ward 3, some in Ward 1. Further, many of these lands will not be accessible or available for development for years to come, so would not have done anything to solve our immediate shortage of commercial and industrial land.

Long story short, Council, in a unanimous vote, did the right thing in my opinion and voted to ask the province only to look right now at including the lands at the airport in the USA. This would allow airport land development to proceed, and allow businesses leasing land out at the airport to pay only the much lower city business tax. This is a win all the way around as far as I am concerned. As a region we start getting some dividends from the major amount of money that was invested in the new airport construction, we add a proper piece of land to the USA, give a stimulus to land development for those most in need of it: local commercial and industrial companies. We retain our residential neighbourhoods as they were, and have time to look at what the next step in USA expansion should look like. Any threat of Draper Road getting gobbled up into the city has been thwarted for now. The battle will rage on in the future, please weigh in with your thoughts about this issue over the next months and years as a process and plan gets decided.

I want to give a big shout out to the Sapræ Creek Residents Society who have a very full new Board of Directors with many ideas about what they are going to do to continue to improve the quality of life in Sapræ Creek. Best of all they also have the drive and determination to see that their plans are accomplished. I am looking forward to what they are going to accomplish this year, starting with a re-fit of the children's park at the west end of Freestone Way, as they look to spend some of that casino money we help to raise.

Finally, just a reminder that if you want to reach me, email me at allan.vinni@woodbuffalo.ab.ca, that is always the best way to get your message to me. Email also allows me a convenient way to respond. I have telephone numbers: 780.791.5458 (home), 780.714.6888 (work), and (780) 792.7616 (cell), but be prepared to leave a message. My days are usually spent in meetings so I have little chance to take calls. Phones are so 20th century, don't you think? Some people actually drop by my house at 6 Sapræ Cres., so that can work too.

Thx, Al Vinni, Councillor, Ward 3

AROUND THE CREEK

THE HUB Parent/Child Program

WHEN : WEDNESDAYS

WHERE: Spruce Valley Room at Vista Ridge

TIME: 10-11:30 am

Geared towards ages 0-5, a great way for your child to socialize with similar aged children in Spruce Creek by way of interactive stations, craft time, circle time, followed by in a light snack.

For more information contact Pam Garbin

Saprae Creek Community Garage Sale

WHEN: Saturday June 7th (SAVE THE DATE)

TIME: 8-1pm

WHERE: At your individual home

Advertising will be done by the Saprae Creek Residents Society, please mark your garage sale along Spruce Valley Drive so those from town who are looking for your garage sale can find you easily!

CROSS COUNTRY SKI NEWS

The ski trails are in superb condition! They have been groomed on the field and hills. The weather is great, so come and enjoy the last bit of skiing before we lose the snow. My sister, niece and nephew (Heather and David) from Calgary last week came and enjoyed the Saprae Creek Trails! Here they are with Kenzie (see photo). The trails start behind the firehall. If you have any questions, you can reach me at cekillick@gmail.com

Come out and enjoy!

Catherine

SAPRAE CREEK ICE RINK

HOURS 10am to 9pm

RINK WILL BE CLOSING on April 6th
(unless conditions make an earlier date necessary)

THANKS FOR A GREAT SEASON

VISTA RIDGE NEWS

Please join Vista Ridge for the **SLUSH CUP**.

ON APRIL 6th.

**There will be a BBQ that day, so come out and enjoy
the last day of the ski and snowboard season.**

ALSO NOTE: Vista gates will be closed Monday April 7th-12th

REGIONAL MUNICIPALITY
OF WOOD BUFFALO

MUNICIPALITY NEWS

Fort McMurray Public Library Mobile Library Project Overview

Fort McMurray Public Library's (FMPL) 2012 – 2015 Plan of Service mandates the expansion of the Library's rural outreach programs with a Mobile Library service to be operational by the end of 2015. This Mobile Library will function as a satellite branch on wheels, providing library services to residents of Anzac, Conklin, Draper Road, Fort McKay, Gregoire Lake Estates, Janvier and Saprae Creek. Special stops in Fort McMurray and at work camps and other locations throughout the Regional Municipality of Wood will also be possible.

FMPL's Mobile Library Committee (MLC) has developed profiles for Municipal communities outside of Fort McMurray, along with a rough schedule of proposed stops. Community profiles include the demographics from the Municipality's 2012 census and lists of community contacts events, and community centres where the Mobile Library could potentially stop.

Accessibility for all patrons is the MLC's main priority. The goal is to have a Mobile Library service that is open, inviting, and accessible to all patrons and communities. This will involve fabricating a custom library space inside an empty bus chassis. The MLC believes that a low-floor kneeling transit bus chassis fits these requirements much better than the alternatives and allows for the interior to be customized completely to our patrons' library needs.

The fundamental importance of accessibility will be reflected in the technical features of the Mobile Library and its furniture and shelving. The MLC's technical wish list includes: a check-out station, an OPAC and public use computers, on-board wireless Internet, power outlets, digital signage, and an audio system. Community input and survey results will inform the exact technical components included.

The MLC also plans to feature removable shelving that can allow the interior of the Mobile Library and its collection of materials to be adjusted for the unique information needs of each community. The Mobile Library will have its own dedicated collection of library materials and should be able to house 4,000 – 5,000 books, DVDs, CDs, audiobooks, and other materials.

Building a working relationship with Strathcona County Library has provided invaluable knowledge and insight on bookmobile services in general and on using a transit bus specifically, as they built a custom interior in a low-floor kneeling transit bus with a ramp. SCL's is a model service, visiting rural areas throughout Strathcona County and driving long distances year-round on rough, rural roads.

For more information about FMPL's Mobile Library project, email mobile.library@fmpl.ca.

REGIONAL MUNICIPALITY
OF **WOOD BUFFALO**

MUNICIPALITY NEWS

Fort McMurray Public Library is expanding, and we're visiting a community near you!

The FMPL is extending its services to reach out to rural communities of the RMWB, including Anzac, Conklin, Draper Road, Fort McKay, Gregoire Lake Estates, Janvier, and **Saprae Creek Estates**. We plan to have a Mobile Library operational by the end of 2015. We want your input for services, planning, and design.

Attend any of our community engagement sessions being held throughout the Municipality:

Sunday, April 13th, 2:00 – 3:30 PM: Fort McMurray Public Library, Craft 'n Chat, Study Room A (2nd level)

Wednesday, April 16th, 6:00 – 8:00 PM: Fort McMurray Public Library, Wednesday Night Art, Children's Program Room (1st level)

Wednesday, April 23rd, 4:00 – 6:00 PM: Anzac Recreation Centre, Adult Multipurpose Room (1st level)

Tuesday, April 29th, 1:00-3:00 PM: Fort McKay Elders Centre

Can't attend an engagement session? Go online and fill out survey!

<http://svy.mk/1eVrMCD>

ATTENTION SAPRAE CREEK RESIDENTS

If you like the idea of the mobile library coming to our neighbourhood PLEASE either attend one of the information sessions or take the VERY quick 2 minute survey online to get this wonderful program here in Saprae Creek!

MUNICIPALITY NEWS

PREVENT WILDFIRES

In Alberta, recreational activities, such as backyard fire pits are often the cause of wildfires. Do your part in preventing wildfires by following the necessary precautions and obtaining a fire pit permit.

- Never leave a fire unattended.
- Completely extinguish your fires and remember to **STIR IT, SOAK IT, and STIR IT AGAIN.**
- Keep your fires small and be aware of sparks and strong winds.
- Burn only dry, well-seasoned wood, commercial fire logs or briquettes.
- Keep a fire extinguisher, hose or source of water nearby when using your fire pit.
- Ensure that wildfire hazards are low and that a fire ban has not been issued prior to using your backyard fire pit - www.albertafirebans.ca

Residents of Fort McMurray (Urban Service Area) are reminded that backyard fire pits require a permit. If you have recently installed a fire pit or are a new homeowner, you are required to submit a permit application to the Fire Prevention Branch, located at Fire Hall 5 (200 Airport Road, T9H 4P1).

Fire pit permit applications can be obtained by visiting www.woodbuffalo.ab.ca/fireprevention. There is a \$35 permit fee, and all approved permits are valid as long as the applicant resides at the address listed on the permit.

Residents living outside of the Urban Service Area can obtain a free fire permit from March 1 to October 31 through the local Environment and Sustainable Resource Development office by contacting 780.743.7125.

For more information please visit:
www.esrd.alberta.ca/wildfire

TO REPORT A WILDFIRE CALL 310-FIRE (3473).
